INVITATION TO PARTICIPATE IN THE 12TH INTERNATIONAL GAJE CONFERENCE AS AN EVENT PARTNER

Ladies and Gentlemen,

It is with great pleasure that we invite you to cooperate on a unique event that will be held in Poland on **July 23–26, 2025**. Lazarski University in Warsaw will host **the 12th International GAJE Conference (Global Alliance for Justice Education)** – a prestigious event dedicated to legal education and its key role in improving access to justice.

This conference is a global platform for legal (clinical) professors, students, legal scholars, legal practitioners, social activists and educators to exchange innovative ideas and approaches to justice education. Topics will address some of today's most pressing challenges, including:

- Promoting access to justice for marginalized communities.
- Using legal education to address humanitarian crises, democratic backsliding, and climate change.
- Developing inclusive and culturally sensitive teaching methodologies.

By inviting you to participate as a partner, we would like to emphasize the key benefits of this cooperation:

- **New business and development opportunities** – participation in the event will allow you to establish contacts with leaders in legal education and innovators from around the world.
- **Access to new markets and business relationships** – the global nature of the conference opens up opportunities for the development of international cooperation and a presence in academic and legal environments.
- **Building the image of an organization committed to social justice and the rule of law** – your presence at the conference is a clear signal of support for values that are fundamental to the modern world.

The conference features interactive workshops, lightning talks, and networking events designed to inspire meaningful collaboration and foster actionable solutions in justice education.

We believe that your organization's expertise and dedication to justice in education would make a valuable contribution to this international gathering.

The partnership in the event is a unique opportunity to promote your organization in an international expert community, as well as to jointly shape the future of legal education and its role in building a more just society.

We will be happy to provide detailed information on the possibilities of cooperation and the benefits of partnership. Please contact us conference@gaje.org
